King's School The Crown, to be operated by the internationally reputed education provider, Inspired, proposes a new 4-stream school in the West of Cairo.

With aspirations to unify separate schools into one dynamic building, which share a common hub that includes a 600-seat auditorium, modern library, 8-lane swimming pool and sports hall, all supplemented by a generous outdoor space; Inspired looks forward to bring their global best practices to Cairo to make the school one of the best in the region.

The new branch has total area of 40,000 m² and accommodates approximately 1400 students. It encompasses "4" stream schools, admin zone, auditorium, ancillary buildings, and sports area. This comprises:

- The school main building with a BUA of 26,000 m², including a basement, ground, first, and second floors, in addition to a roof. The building contains the following:

- Indoor Sports Zone,
- Auditorium Zone,
- Swimming Pool Zone (BUA of 560 m²),

- Cafeteria Zone,
 - Teachers' rooms, halls, meetings rooms, classes, clinics, show rooms, libraries, etc.
- Kindergarten Building Early Learn School (ELS) with a BUA of 1,300 m², including ground and first floors, and a roof),
 - Substation Building with a BUA of 150 m²,
 - Gate Block,
 - Gard Building with a BUA of 30 m²
 - Landscape,
 - Outdoor Sports Playgrounds,
 - Shaded Canopies/Areas,
 - Parking Areas, and
 - Fence with a length of 790 m
